## DETAILED ACTION

### *Priority*

The Petition to Accept an Unintentionally Delayed Claim under 35 U.S.C. 120 received on 4/18/2007 has been granted.

### *Terminal Disclaimer*

The terminal disclaimers filed on 9/14/2006 and 4/18/2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of the full statutory term prior patent Nos. 6817700 and 6739701, respectively, have been reviewed and is accepted. The terminal disclaimers have been recorded.

### *Allowable Subject Matter*

Claims 1 and 4-10 are allowed.

Claims 1 and 4-10 is allowable since the prior art of record does not disclose, teach, or suggest a modular printhead for a digital printer comprising a module engagement plate connected to the support frame by flexible arms which constrain the plate to substantially linear movement relative to the frame. It is this limitation, in combination with other features and limitations of claim 1, which make claims 1 and 4-10 allowable over the prior art of record.
